### CONSENT ORDER

Pursuant to Chapter 23-4.1 of the General Laws of the State of Rhode Island, 1956, as amended, and the rules and regulations promulgated thereunder, the Rhode Island Department of Health, Division of Emergency Medical Services (hereinafter "Department"), has investigated a complaint charging Christopher Fusaro (hereinafter "Respondent"), with violations of the *Rhode Island Prehospital Care Protocols and Standing Orders*, the *Rules & Regulations Related to Emergency Medical Services [R23-4.1-EMS]*, and the minimum acceptable and prevailing standard of EMS care. This conduct is alleged to have occurred on the evening of February 11, 2008 while Respondent was rendering emergency medical services to a patient.

5. That the Respondent then abandoned the patient inasmuch as:
  - a. A valid refusal of care was not obtained from the patient, nor was the patient competent to provide one based on the Respondent's assessment that the patient had a Glasgow Coma Scale of 11.
  - b. Care was not properly transferred to the nursing facility staff as the Respondent did not assess their ability to continue caring for the patient, nor did the nursing facility staff agree to accept responsibility for the patient.

- c. The Respondent did not await arrival of alternate ambulance transport, nor did he verify that such was en route and/or capable of caring for the patient.
6. The Respondent was both the officer-in-charge for this incident and the senior EMT on scene, and thereby holds the greater responsibility for actions by himself and his partner.
7. That the conduct described herein, specifically the incomplete assessment and subsequent abandonment of a patient, are inconsistent with the *Rhode Island Prehospital Care Protocols and Standing Orders*, the *Rules & Regulations Related to Emergency Medical Services [R23-4.1-EMS]*, and minimum accepted and prevailing standards of EMS care.
8. That the Respondent's actions in this matter constitute unprofessional conduct as defined in the *Rules & Regulations Related to Emergency Medical Services [R23-4.1-EMS]*.
